

Correspondence EPA-R10-2014-005091

04/21/2014 07:38 PM

Judy Smith

Had brief conversation with requester at 1:45 p.m. on 4/21/14. She has been exchanging voice mails with EPA attorneys McKenna and Rindner, but hopes to talk with them on 4/22/14. She understands that EPA is requesting an extension and that we are seeking some additional clarification on the scope of the request. I informed her that some of their requested information is available by searching FOIA Online and that I would send a link to a Bristol Bay ftp website that provides some more of the requested information.
